

HP Light Fabric

The HP large format printing system—the complete solution

HP large format printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide reliable, consistent results with every print.

Produce brilliant, high-impact displays with this competitively priced, wrinkle-resistant light textile

Find new profit potential with this reasonably priced light fabric

Create high-impact displays and banners for events and retail POP. This economically priced polyester fabric produces brilliant prints that resist creases and wrinkles. Offer custom work and optimize the cost advantages of this easy-to-use, knitted polyester fabric. And discover new profit potential with this versatile, lightweight textile.

Reassure your clients with environmental and fire certifications

Differentiate your offering with a compelling alternative to PVC for banners and displays. This flame-resistant¹ light fabric is REACH compliant² to help you and your customers meet high health and safety standards.

See excellent ink saturation for vibrant image quality

Deliver crisp image quality and bright colors with the wide color gamut produced by HP Latex Inks.

¹ B1, M1, and NFPA701 approved fire certifications.

² This product does not contain substances listed as SVHC (155) per Annex XIV of the EU REACH directive published as of June 16, 2014 in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Declaration published at [HP Printing Products and Consumable Supplies](#). Logo source: Copyright European Chemicals Agency.

³ Rub resistance testing by HP Image Permanence Lab according to ASTM F1319.

Target customers	Applications	Benefits
