

HP Recycled¹ Satin Canvas

The HP large format printing system—the complete solution

HP large format printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide uncompromising image quality, reliability, and consistency—with every print.

Produce high-quality canvas wraps that resist cracking

Durable performance with single-step print production

This affordable canvas provides single-step print production, eliminating the need for costly and time-consuming top coating. Produce high-performing, durable canvas wraps that resist edge cracking when stretched.

Outstanding image quality at an affordable price

Achieve an artistic look and feel for photo enlargements, reproductions, and retail and hospitality decor. Produce outstanding image quality and precise colors on this bright white, slightly textured, satin-finish canvas.

Made with recycled water bottles² and coating materials

Meet environmental goals with this REACH compliant³ canvas made with recycled water bottles² and coating materials. Recycling beverage containers (and other materials) saves energy, reduces greenhouse gas emissions, and diverts material from landfills.⁴ And this canvas is eligible for return through the HP Large Format Media take-back program.⁵

¹ Product consists of PET fabric and coatings. 60% by weight of the product consists of recycled content. Base material fabric is made from 100% recycled resin.

² 100% of total PET resin in the product made from recycled water bottles. The coating does not contain recycled materials. Certified according to Global Recycled Standard (GRS) Version 3.0, March 2017.

³ As of the date of this document, January 2023, this product does not contain any of the chemicals on the EU's Candidate List for Authorization (otherwise known as Substances of Very High Concern) in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Article 33 Declaration published at [HP Printing, Products and Consumable Supplies](#). Logo source: Copyright European Chemicals Agency.

⁴ According to "A Report on the Potential Recovery of Beverage Containers at Venues and Events" published on EPA website [epa.gov/sites/production/files/2013-07/documents/napcorvenuerecycling.pdf](#)

⁵ HP Large Format Media take-back program may not be available in all countries. To request a shipping label, see [hp.com/recycle](#) for details.

| Target customers | Applications | Benefits |
|---|--------------------|--|
| Retail | Art reproductions | Resistant to edge cracking, single-step, easy-to-wrap canvas; no top coating needed |
| Professional photographers | Photo enlargements | Canvas made with recycled water bottles ² and coating materials |
| Art reproduction houses | Gallery wraps | REACH compliant ³ |
| Graphics-oriented print service providers | Retail decor | Vivid, true colors and sharp detail on an affordable canvas |
| Print service providers | | Slightly textured satin canvas for an artistic look and feel |
| | | Instant dry |
| | | Eligible for return through the HP Large Format Media take-back program ⁵ |
