

# HP Matte Polypropylene, 3-in Core for HP PageWide Technology

## The HP large format printing system—the complete solution

HP PageWide XL printers, Original HP PageWide XL pigment inks and printheads, and Original HP printing materials are designed to work together as a system to provide reliable, consistent results with every print.

## Ideal for a wide range of indoor and outdoor applications

### Produce high-impact graphic displays

Produce displays with brilliant color and high-quality images. This sturdy film is ideal for a wide range of indoor and outdoor applications.

### Deliver high-quality, durable prints

Handle these sturdy prints with confidence. Providing the high-quality look and feel of photo material, you get durable performance without trading off brilliant color and edge definition.

### Produce more without sacrificing quality

Print higher-quality black and white and color displays at breakthrough speeds. HP Matte Polypropylene, 3-in Core is optimized with HP PageWide XL printers and pigment inks for high-quality printing.

Target customers	Applications	Benefits
Print service providers	POS posters	High-production printing
Retail store in-house printing	Retractable banner stands	Durable for easier handling
Geographic Information Systems (GIS)	Retail displays	Indoor and outdoor versatility
Government	GIS maps	Optimized for HP PageWide XL printers
