HP large format inks, printheads

HP large format printing materials

[1] With Original HP 842 PageWide XL inks. Interior in-window display ratings by HP Image Permanence Lab on a range of HP media. HP predictions based on test data under Xenon-Arc illuminant—calculation assumes 6,000 Lux/12 hr day. See HPLFMedia.com/hp/printpermanence.

[2] Can be recycled through commonly available recycling programs.

[3] HP trademark license code FSC®-C017543, see fsc.org. Not all FSC®-certified products are available in all regions.

Get consistent, high-quality results

Achieve high-quality, durable results

Produce high-quality POS posters and GIS maps with this production poster paper that provides excellent image quality. Avoid smudges and smears—prints dry quickly and stay intact with handling. See up to 6 months in-window display permanence, unlaminated.[1]

See the ColorPRO Technology difference

Produce precise lines with sharp, fine detail. See high-impact graphics with an extended range of colors. HP Production Satin Poster Paper, 3-in Core with ColorPRO Technology is designed for HP PageWide XL printers to deliver professional quality and striking results optimized for high-production environments.

Differentiate with environmental credentials

Offer your customers a recyclable,[2] FSC®-certified[3] paper that can help them achieve their environmental goals.

Target customers	Applications	Benefits
Print service providers	POS posters	High-production printing
Retail store in-house printing	GIS maps	Visibly enhanced print quality at production speed
	Presentations	Fast dry time for easy handling
		Up to 6 months in-window display permanence, unlaminated[1]
		Optimized for HP PageWide XL printers
		Recyclable through commonly available programs[2]
		FSC®-certified paper[3]

Technical specifications

HP Production Satin Poster Paper, 3-in Core for HP PageWide Technology
For the latest ICC profiles/paper presets, please visit HPLFMedia.com/paperpresets.

Weight	160 g/m² per ISO 536 Test Method
