

# Why buy HP Graphics and Technical Printing Materials for HP PageWide XL printers?

## The HP large format printing system—the complete solution

HP PageWide XL printers, Original HP PageWide XL pigment inks and printheads, and Original HP printing materials for HP PageWide Technology are designed to work together as a system to provide reliable, consistent results—with every print.

Please visit [HPLFMedia.com](http://HPLFMedia.com) for more information on HP large format printing materials for HP PageWide Technology.

## Original HP PageWide XL pigment inks and HP printing materials for HP PageWide Technology—system chemistry

HP PageWide XL printing materials are designed to perform with the breakthrough technology provided by HP PageWide XL printers. The technological advances of HP PageWide XL printing require special ink formulations and strictly controlled interactions between HP PageWide XL pigment inks and the paper to achieve high-quality printing in a single pass. The HP large format printing materials portfolio for HP PageWide XL printing includes recyclable<sup>1</sup> and FSC®-certified papers<sup>2</sup> as well as media that deliver quick-dry, moisture- and fade-resistant, reliable prints. Because the paper moves and the printhead doesn't, HP large format printing materials for HP PageWide Technology have been designed for the precise control of paper motion needed to achieve superb results.

## Original HP PageWide XL pigment inks and printheads

Original HP printing supplies feature intelligent technology built into the ink cartridges, printheads, and the printer. These critical system components communicate interactively to provide automatic and continuous adjustments that optimize print quality and maximize printhead life.

## Designed with the environment in mind

Many HP PageWide XL printing materials are recyclable through commonly available recycling programs. And the HP Planet Partners program provides easy, convenient return and recycling of Original HP PageWide XL ink cartridges.<sup>3</sup>

# Compatibility Chart: Europe, Middle East, and Africa

Keep printing materials out of landfill with HP recyclable media.

The mark of responsible forestry

FSC®-certified HP printing materials carry the Forest Stewardship Council® (FSC) Mix label, signifying that these media support the development of responsible forest management worldwide. Note: Not all FSC®-certified products are available in all regions.

REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals) is a regulation of the European Union, adopted to improve the protection of human health and the environment from risks that can be posed by chemicals.

- <sup>1</sup> Some recyclable HP papers can be recycled through commonly available recycling programs. Recycling programs may not exist in your area. See [HPLFMedia.com/hp/ecosolutions](https://hplfmedia.com/hp/ecosolutions) for details.
- <sup>2</sup> BMG trademark license code FSC®-C115319, see [fsc.org](https://fsc.org). HP trademark licence code FSC®-C017543, see [fsc.org](https://fsc.org). Not all FSC®-certified products are available in all regions. For information about HP large format printing materials, please visit [HPLFMedia.com](https://hplfmedia.com).
- <sup>3</sup> Visit [hp.com/recycle](https://hp.com/recycle) to see how to participate and for HP Planet Partners program features and availability; program may not be available in your area. Where this program is not available, and for other consumables not included in the program, consult the Material Safety Data Sheet (MSDS) available at [hp.com/go/ecodata](https://hp.com/go/ecodata) to determine appropriate disposal.
- <sup>4</sup> The HP PageWide XL Folder is an optional accessory. The HP PageWide XL High-capacity Stacker may be an optional accessory. Options vary by region.
- <sup>5</sup> Can be recycled through commonly available recycling programs.
- <sup>6</sup> Papers can be recycled according to region-specific practices. In Europe, recyclable in consumer collection systems that can accept liquid packaging.
- <sup>7</sup> This product does not contain substances listed as SVHC (155) per Annex XIV of the EU REACH directive published as of June 16, 2014 in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Article 33 declaration published at [hp.com/hpinfo/globalcitizenship/environment/productdata/reachall-products.html](https://hp.com/hpinfo/globalcitizenship/environment/productdata/reachall-products.html).
