Why buy HP Graphics and Technical Printing Materials for HP PageWide XL printers?

The HP large format printing system—the complete solution

HP PageWide XL printers, Original HP PageWide XL pigment inks and printheads, and Original HP printing materials for HP PageWide Technology are designed to work together as a system to provide reliable, consistent results—with every print.

Please visit **HPLFMedia.com** for more information on HP large format printing materials for HP PageWide Technology.

Image quality Consistency Performance Durability Value

HP PageWide XL pigment inks, printheads

HP large format printing materials for HP PageWide Technology

Original HP PageWide XL pigment inks and HP printing materials for HP PageWide Technology—system chemistry

HP PageWide XL printing materials are designed to perform with the breakthrough technology provided by HP PageWide XL printers. The technological advances of HP PageWide XL printing require special ink formulations and strictly controlled interactions between HP PageWide XL pigment inks and the paper to achieve high-quality printing in a single pass. The HP large format printing materials portfolio for HP PageWide XL printing includes recyclable¹ and FSC®-certified papers² as well as media that deliver quick-dry, moisture- and fade-resistant, reliable prints. Because the paper moves and the printhead doesn't, HP large format printing materials for HP PageWide Technology have been designed for the precise control of paper motion needed to achieve superb results.

Original HP PageWide XL pigment inks and printheads

Original HP printing supplies feature intelligent technology built into the ink cartridges, printheads, and the printer. These critical system components communicate interactively to provide automatic and continuous adjustments that optimize print quality and maximize printhead life.

Designed with the environment in mind

Many HP PageWide XL printing materials are recyclable through commonly available recycling programs. And the HP Planet Partners program provides easy, convenient return and recycling of Original HP PageWide XL ink cartridges.³

Keep printing materials out of landfill with HP media eligible for free return through the HP Large Format Media take-back program.

The mark of responsible forestry

FSC®-certified HP printing materials carry the Forest Stewardship Council® (FSC) Mix label, signifying that these media support the development of responsible forest management worldwide. Note: Not all FSC®-certified products are available in all regions.

REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals) is a regulation of the European Union, adopted to improve the protection of human health and the environment from risks that can be posed by chemicals.

- ² BMG trademark license code FSC®-C115319, see **fsc.org**. HP trademark licence code FSC®-C017543, see **fsc.org**. Not all FSC®-certified products are available in all regions. For information about HP large format printing materials, please visit **HPLFMedia.com**.
- ³ Visit hp.com/recycle to see how to participate and for HP Planet Partners program features and availability; program may not be available in your area. Where this program is not available, and for other consumables not included in the program, consult the Material Safety Data Sheet (MSDS) available at hp.com/go/ecodata to determine appropriate disposal.
- ⁴ The HP PageWide XL Folder is an optional accessory. The HP PageWide XL High-capacity Stacker may be an optional accessory. Options vary by region.
- Additional sizes available, please visit **HPLFMedia.com**.
- ⁶ Can be recycled through commonly available recycling programs.
- Papers can be recycled according to region-specific practices. In North America, recyclable in consumer collection systems that can accept mixed paper (may not be recyclable in your area).
- As of the date of this document, this product does not contain any of the chemicals on the EU's Candidate List for Authorization (otherwise known as Substances of Very High Concern) in concentrations exceeding 0.1%. To determine the status of SVHC in HP products, see the HP REACH Article 33 Declaration published at HP Printing Products and Consumable Supplies at
