

Why buy HP Graphics and Technical Printing Materials for HP PageWide XL printers?

The HP large format printing system—the complete solution

HP PageWide XL printers, Original HP PageWide XL pigment inks and printheads, and Original HP printing materials for HP PageWide Technology are designed to work together as a system to provide uncompromising image quality, reliability, and consistency—with every print.

Please visit [HPLFMedia.com](https://www.hp.com/go/hplfmedia) for more information on HP large format printing materials for HP PageWide Technology.

Original HP PageWide XL pigment inks and HP printing materials for HP PageWide Technology—system chemistry

HP PageWide XL printing materials are designed to perform with the breakthrough technology provided by HP PageWide XL printers. The technological advances of HP PageWide XL printing require special ink formulations and strictly controlled interactions between HP PageWide XL pigment inks and the paper to achieve high-quality printing in a single pass. The HP large format printing materials portfolio for HP PageWide XL printing includes recyclable¹ and FSC®-certified papers² as well as media that deliver quick-dry, moisture- and fade-resistant, reliable prints. Because the paper moves and the printhead doesn't, HP large format printing materials for HP PageWide Technology have been designed for the precise control of paper motion needed to achieve superb results.

Original HP PageWide XL pigment inks and printheads

Original HP printing supplies feature intelligent technology built into the ink cartridges, printheads, and the printer. These critical system components communicate interactively to provide automatic and continuous adjustments that optimize print quality and maximize printhead life.

Recyclable¹ HP large format printing materials

Many HP PageWide XL printing materials are recyclable through commonly available recycling programs.¹ And the HP Planet Partners program provides easy, convenient return and recycling of Original HP PageWide XL ink cartridges.³

The mark of responsible forestry

FSC[®]-certified² papers are sourced from sustainably managed forests according to Forest Stewardship Council[®] standards.

Note: Not all FSC[®]-certified products are available in all regions.

- Most HP large format paper-based printing materials can be recycled through commonly available recycling programs.
- HP has a policy for offering Forest Stewardship Council[®] (FSC[®])-certified papers that are sourced from FSC[®]-certified forests and other controlled sources. BMG trademark license code FSC[®]-C115319, see fsc.org. HP trademark license code FSC[®]-C017543, see fsc.org. Not all FSC[®]-certified products are available in all regions. For information about HP large format printing materials, please visit HPLFMedia.com.
- Visit hp.com/recycle to see how to participate and for HP Planet Partners program features and availability; program may not be available in your area. Where this program is not available, and for other consumables not included in the program, consult the Material Safety Data Sheet (MSDS) available at hp.com/go/msds to determine appropriate disposal.
- The HP PageWide XL Folder and HP PageWide XL High-capacity Stacker may be optional accessories. Options vary by region.
- Additional sizes available, please visit HPLFMedia.com.
- REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals) is a regulation of the European Union adopted to improve the protection of human health and the environment from risks that can be posed by chemicals. See the HP REACH Declaration published at hp.com/go/reach.
- Can be recycled through commonly available recycling programs.
- Papers can be recycled according to region-specific practices. In North America, recyclable in consumer collection systems that can accept mixed paper (may not be recyclable in your area).
- Product consists of PET fabric and coatings. With liner attached, 72% by weight of the product consists of recycled content. Base material fabric is made from 100% recycled resin.
