

HP Bright White Inkjet Paper

The HP large format printing system—the complete solution

HP large format printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to provide uncompromising image quality, reliability, and consistency—with every print.

Experience ColorPRO Technology—at its brightest

See the ColorPRO difference—at its brightest

See the bright, clear difference. See precise lines with sharp, fine detail. See high-impact graphics with an extended range of colors. HP Bright White Inkjet Paper with ColorPRO Technology delivers professional quality, striking results in prints that last over 200 years in dark storage.¹

Print with ease—with the environment in mind

Keep a brisk pace. HP printing materials are designed together with Original HP inks and the printer to provide consistent, quality performance. Meet the environmental objectives of your company—and your clients—with this recyclable,² FSC®-certified paper.³

Increase productivity, lower printing costs

Optimize your everyday printing with the reliable, trouble-free performance of cost-effective HP Bright White Inkjet Paper. Many choices, including metric sizes, cut steps from the workflow for higher productivity and lower costs of printing.

Target customers	Applications	Benefits
High-production professionals working with Geographic Information Systems (GIS)	Posters and presentations	More striking colors
Architecture (AEC)	POP and retail displays	Crisper text and graphics
Engineering (CAD)	CAD, AEC, GIS applications	Higher contrast blacks
Print service providers		Visibly enhanced print quality at production speed
		FSC®-certified paper ³
		Recyclable ² through commonly available programs
		Over 200 years print permanence, dark storage ¹

Technical specifications

HP Bright White Inkjet Paper

Warranty	HP large format printing materials are free from defects in materials and workmanship. For warranty statement, please see HPLFMedia.com/hp/MediaWarranties . To obtain warranty service, please contact Brand Management Group customer support at HPLFMedia.com/hp/en/contactus .			

¹ As of May 2017, tests conducted by Wilhelm Imaging Research, Inc. (WIR) indicate that documents printed with HP pigment-based black and pigment-based color inks printed on HP Bright White Inkjet Paper stored in the dark will achieve WIR Dark Storage Permanence Ratings of "greater than 200 years." For more information, see HPLFMedia.com/printpermanence.

² Most HP large format paper-based printing materials can be recycled through commonly available recycling programs, or according to region-specific practices.

³ HP has a policy for offering Forest Stewardship Council® (FSC®)-certified papers that are sourced from FSC®-certified forests and other controlled sources. BMG trademark license code FSC®-C115319, see [fsc.org](https://www.fsc.org). HP trademark license code FSC®-C017543, see [fsc.org](https://www.fsc.org). Not all FSC®-certified products are available in all regions. For information about HP large format printing materials, please visit HPLFMedia.com.

⁴ As of May 2017, tests conducted by Wilhelm Imaging Research, Inc. (WIR) indicate that documents printed with HP pigment-based black and dye-based color inks printed on HP Bright White Inkjet Paper stored in the dark (assuming that the document is stored in a file folder, in a box, and is otherwise protected from possible ozone exposure and contact with water) will achieve WIR Dark Storage Permanence Ratings of "greater than 100 years." For more information, see HPLFMedia.com/printpermanence.
